KANUMURI BHANU PRAKASH

GitHub LinkedIn bkanumur@student.gitam.edu +91 9618565925

OBJECTIVE

Computer Science undergraduate with hands-on experience in C and Java-based systems, strong understanding of data structures and OOP, and active participation in hackathons, seeking a software internship to contribute to real-world problem solving.

EDUCATION

Bachelor of Technology in Computer Science & Engineering 2022 – Present
GITAM University, Visakhapatnam CGPA: 9.0

Intermediate Education 2020 – 2022
Bhashyam Junior College, Guntur Score: 967

SKILLS

Programming Languages	Java, Python, C
Core Concepts	Object-Oriented Programming (OOP), Data Structures, Algorithms
Soft Skills	Problem Solving, Teamwork, Communication, Time Management

PROJECTS

Student Record Management System *Repository*

Tech Stack: C, Linked Lists, Data Structures

- Implemented a dynamic student management system using C and linked lists.
- Added search, filter, and CGPA calculation beyond basic CRUD operations.
- Demonstrated strong pointer manipulation and effective memory management.

Lecture Tracking System *Repository*

Tech Stack: Java, OOP, ArrayList

- Developed a menu-driven Lecture Tracking System using Java and ArrayList.
- Implemented lecture scheduling, status tracking, and completion updates.
- Applied OOP concepts including classes, objects, and encapsulation with clean CLI interaction.

CERTIFICATIONS & ACHIEVEMENTS

- Java Programming — Infosys Spring Board
- Python Programming — Infosys Spring Board
- Participated in TechSprint National Hackathon 2K25
